**RED042 – Back on the Road Training**

RED Driver Risk Management is offering a '*back on the road*' programme for drivers following the disruption caused by the Coronavirus pandemic. Drivers are returning (or are due to return) to our roads after a prolonged period of infrequent driving. This course is aimed at rebuilding vital skills and personal confidence.

The programme can be delivered in-vehicle on a 1:1 basis but if preferred, can be delivered interactively via a live webinar.

**INTRODUCTION**

| | |
|---|---|
| VENUE: | ANY PRE-AGREED UK LOCATION / WEBINAR |
| NO. OF TRAINEES: | 1 (multiple drivers can be booked) |
| TRAINING DETAILS: | On-road driver training **or** webinar based. |
| TYPICAL TRAINING DURATION: | 180 minutes |

**Reasons for the Course**

The course reflects the variety of possible challenges that may exist in a driver's or their employer's mind following a period of infrequent driving such as during the Covid 19 pandemic. Setting the scene for any training course is of paramount importance and the initial briefing will cover the reasons for the course and how this is of benefit to the driver.

This course also includes a pre course RED Driver Profiler (on-line RDP) and post training, a full course report will be e-mailed directly to the participant and course administrator.

Issues addressed in the course include (but are not limited to):

- Understanding attitudes of other road users currently

- Comprehensive vehicle checks and safety, safe loading.

- Confidence building

- Driver observation and anticipation

- Speed awareness and refresher

    (*Department for Transport data shows up to a 7% rise in cases of speeding on UK roads between Q2 2019 and Q2 2020*)

- Driver re-focus after a prolonged period of non-driving

- Specific road type confidence building, motorways or rural roads or slow speed manoeuvring

**The Course**

The programme begins with a driver introduction to the '*back on the road'* training programme. RED's experienced and qualified trainer will discuss the delegate's needs resulting from the pandemic as well as their general relationship with driving for work. This also provides the opportunity for delegates to offer any specific concerns relating to their general driving or any of the course content.

During this initial discussion, we explore any feelings of anxiety about returning to the roads. The trainer will also introduce the importance of vehicle checks and how these are not just a safety issue but can help driver confidence.

Following the brief introduction, we will commence a two-hour session either in-vehicle or via webinar covering all the areas needed to prepare drivers for a return to safe driving.

**WHO IS THIS FOR?**

Any driver who may have had a prolonged period of irregular driving as a result of the Coronavirus pandemic. The '*back on the road*' programme has been specially developed for drivers returning to our roads and is aimed at rebuilding vital skills and personal confidence.

**BOOKING**

To book call **01332 810007** or use the ONLINE BOOKING FORM. Please let us know whether you wish the programme to be in-vehicle or on-line via webinar when booking.

**OUTCOME**

A full and detailed report will be produced post training for the driver and manager as an auditable record of this training programme, thereby ensuring that the meeting of H&S Duty of Care responsibilities are recorded.
